DISH OUT

A stylized illustration of an Angry Birds game level. The scene is set on a dark green grassy field with a light green strip of grass in the foreground. In the background, there are blue hills and a blue sky with white clouds. On the left, a small wooden structure with a single block on top is next to a large white oval labeled '32'. In the center, a larger wooden structure with multiple blocks and a grey bomb on top is next to a large white rectangle labeled '33'. To the right, another wooden structure with a single block on top is next to a large white rectangle labeled '34'. A small green pig character is perched on the ground between the central and right structures. A small blue plant with three round fruits is on the far right.
